### Personal Statement

"The difference between ordinary and extraordinary is that little extra"

– Jimmy Johnson

Whether it be in sports or academics, I always strive to give not only what is asked of me, but that little extra as well. As I continue to achieve personal and team goals, I keep pushing myself to not only work out on practice days, but also on my own. Whether it be conditioning, going to the cages, or hitting lessons, as long as I know I'm improving myself as an athlete I know I'm giving that little extra that will help me achieve another one of my goals of playing college softball at the highest level.

Giving extra to my community is something else that is also important to me. I volunteer at The Family Giving Tree, where underprivileged youth are able to receive much needed school supplies and Christmas gifts. I also give my time to my former elementary school by volunteering to work with kids at art, science, and math nights.

### Personal Accomplishments
