Personal Statement

"I push myself to the limit and when I reach this limit, I push myself even harder" – David Guetta

Softball was a sport I began playing at the age of 10, and I haven't stopped since. When I play softball, I enjoy the feeling of being on the field and it feels like I belong there. Watching college girls on the field and on TV playing the sport, I get the feeling of wanting to be like them someday. I strive to be my best on the softball field so that younger athletes who watch me will one day want to be the best at something, too. My future goals are to keep improving my softball skills in order to play for a college team and earn a college degree while playing a sport that I love.
